Project Description

A "natural body of water" is defined in Wisconsin law as any spring, stream, pond, lake or wetland that was historically present in a natural state but may have been physically altered over time. A "freeze-out pond" is defined in Wisconsin law as a natural, self-contained body of water in which freezing or anoxic conditions prevent the body of water from naturally sustaining a fish population at least twice every 5 years.

Operating a fish farm in a Natural Body of Water requires a permit under NR 19, Wis. Adm. Code. I am applying for:

- ☒ **NR 19 Permit Renewal** - for continued use of a natural waterbody that was previously permitted as a preexisting fish rearing facility or a freeze-out pond.
- ☐ **Initial NR 19 Permit** - for new use of a natural waterbody for fish farming (note, the waterbody must be a freeze-out pond).
- ☐ **Transfer of NR 19 Permit** - to convey an existing NR 19 permit from one party to another, as a result of change in ownership or leasehold interest of a fish farm.

Coho Salmon											

Attachments (Provide all of the following)

1. Location sketch or map showing route to the project site, indicating nearest main road and crossroad, north arrow and scale.
2. Photocopy of deed, lease, land contract or other documentation showing that the land that is riparian to the body of water is owned, leased, or controlled by the permit applicant.
3. Photocopy of plat book showing property owners; photocopy of any easements for all properties surrounding the waterbody; and other documentation to show that none of the owners of the fish farm or riparian lands provide public access to the body of water by means of an easement or right-of-way or by means of a business open to the public. Note: the owners of the fish farm may allow fishing by the public for a fee.
4. Diagram showing number and dimensions of all ponds, raceways, tanks or other waterbodies to be used for fish farming.
5. For an Initial NR 19 Permit – Documentation to show the natural waterbody is a "freeze-out pond", meaning it is self-contained and has freezing or anoxic conditions that prevent a naturally-sustaining fish population at least twice every five years.
6. For a Transfer of NR 19 Permit – Photocopy of the previous owner's NR 19 permit, and documentation to show change of ownership.
7. Photocopy of any other permits or authorizations required by Ch. 30 or 31, Wis. Stats., the Army Corps of Engineers and any other federal, state or local laws and zoning ordinances for construction or operation of the fish farm. (Note: Permits issued under Ch. 30.19, 30.195 or 31.04 may mean your waterbody is exempt from a permit requirement.)
8. Photocopy of Department of Agriculture, Trade and Consumer Protection (DATCP) Fish Farm Registration from current or previous year.

Note: If conditions 2, 3, and 7 are met, then the DNR may find that your fish farm is exempt from a Natural Waterbody permit requirement. If so, the DNR will return your application and notify you of this finding.

Subject: Your Incomplete Application

Dear Natural Waterbody Permit Applicant:

Thank you for recently submitting an NR 19 Permit Application for Use of a Natural Waterbody for your fish farm. In order for us to complete the permit review process, we need your assistance. The information listed below was not included with your original natural water body permit application.

✓ -Photocopy of deed, lease, land contract or other documentation showing that the land that is riparian to the body of water is owned, leased, or controlled by the permit applicant. Recent tax records are acceptable.

✓ -Photocopy of plat book showing property owners; photocopy of any easements for all properties surrounding the waterbody; and other documentation to show that none of the owners of the fish farm or riparian lands provide public access to the body of water by means of an easement or right-of-way or by means of a business open to the public. Note: the owners of the fish farm may allow fishing by the public for a fee.

✓ - Photocopy of Department of Agriculture, Trade and Consumer Protection (DATCP) Fish Farm Registration from current or previous year.

Please gather this information and resend your application packet in the envelope provided to the following address by 07/29/2013

Dear Mr. KOEHNE:

Thank you for recently submitting an NR 16 Permit Application for Use of a Natural Waterbody for your fish farm, which is registered with the Department of Agriculture, Trade and Consumer Protection (DATCP). You will be pleased to know your application is approved, and your NR 16 Grandfathered Natural Waterbody Permit is attached.

As long as you maintain your annual DATCP Fish Farm Registration, your Natural Waterbody permit is valid for ten years from the date of issuance. One year before this permit expires, we recommend that you contact DNR to submit a permit application for renewal of your Natural Waterbody permit. Your renewal application must be submitted at least 60 days before permit expiration. Unless we determine that there has been a substantial changes in circumstances related to the public interest or public rights associated with your fish farm, we will renew the Natural Waterbody permit for another ten years.

If you sell, lease or transfer control of the land surrounding your fish farm to someone else, you also need to transfer this Natural Waterbody permit. To request this transfer, the new owner should submit a Natural Waterbody permit application with a non-refundable permit fee (currently \$100).

Please note that your project was not reviewed for compliance with other types of approvals that might be required by federal, state or local laws. Physical alterations in or near wetlands, ponds or streams, well construction and wastewater discharges are all activities that may require a permit from the DNR. If you believe you may need DNR approval for any of these completed or future activities, please contact me at the address or phone number listed above. I can put you in with other DNR staff who can help you bring your project into compliance with state environmental laws.

If you have any questions about this permit, please contact me.

Sincerely,

Lee Meyers

NATURAL WATERBODY PERMIT
PERMIT # 16-NE-6200

APPLICANT INFORMATION

WILLIAM J KOEHNE
1827 CTY J
LTL SUAMICO, WI 54141

PERMIT CONDITIONS

1. This permit authorizes use of a natural body(s) of water as a fish farm, to propagate or rear the fish species identified on your permit application form #3600-227, except where modified by the conditions of this permit. The specific natural body(s) of water authorized are: 3 ponds totaling 1.3 acres
2. This permit authorizes only those fish farming activities specified on your permit application form #3600-227. If you plan to alter any of the fish farming activities, you must first notify the Department.
3. You are responsible for obtaining any other federal, state or local permits or approvals that may be required for the construction and/or operation of your fish farm.
4. You must keep a copy of this permit at the location of the fish farm at all times.
5. Your acceptance of this permit and operation of the fish farm signifies that you have read, understood and agreed to follow all conditions of this permit.
6. Upon reasonable notice, you shall allow access to your project site during reasonable hours to any Department employee who is investigating the fish farm's operation, maintenance or compliance with this permit.
7. The Department may modify or revoke this permit if the project is not operated in accordance with this permit, or if the Department determines the activity is detrimental to the public interest or private rights.
8. In accordance with section 29.734, Wisconsin Statutes, the fish farm body of water must be equipped with barriers that prevent the passage of fish between it and the other waters of the state.

FINDINGS OF FACT

1. WILLIAM J KOEHNE has filed an application pursuant to section 29.733, Wis. Stats., for a permit to use a natural body of water for fish farming. The waterbody(s) are in the Town of Suamico, located in the NESW 1/4 of Section 7, Town 26N, Range 21E, Oconto County.
2. Pursuant to section 29.733, Wis. Stats., the department has made the following determinations:
 - a. The land riparian to the water body is owned, leased or controlled by the fish farm owners;

- b. None of the owners of the fish farm or of the riparian land provide access to the body of water by means of an easement or other right-of-way to the public;
 - c. The body of water is a preexisting fish rearing facility as defined in s. 29.001(64), Wis. Stats.
3. The Department of Natural Resources and the applicant have completed all procedural requirements, and the project as permitted will comply with all applicable requirements of Sections 1.11, 29.733 and 283, Wisconsin Statutes, and Chapters NR 16, 102, 103, 115, 116, 117, 150, and 299, Wisconsin Administrative Code.
4. Under section 29.733(2)(b), Wis. Stats., for preexisting fish rearing facilities, the department has not made any determination that no substantial public interest exists in the body of water or that no public or private rights in the body of water will be damaged.
5. The department has not reviewed this fish farm operation for compliance with other regulatory requirements, including chapter 30 or 31, Wis. Stats. permits, Wisconsin Pollution Discharge Elimination System (WPDES) requirements, or any other Statutes or Administrative Codes not listed above.

CONCLUSIONS OF LAW

1. The Department has the authority under s. 29.733, Wis. Stats. and NR 16-Subchapter II, Wis. Adm. Code to issue a permit allowing the use of a natural body of water for operation of a fish farm.
2. The proposed fish farm operation conforms to the review standards of section 29.733, Wis. Stats. and NR 16-Subchapter II, Wis. Adm. Code.

ORDER

IT IS THEREFORE ORDERED THAT the application of Mr. WILLIAM J KOEHNE, for a permit to use a natural body of water as a fish farm pursuant to s. 29.733, Wis. Stats., in the Town of Suamico, Oconto County, be, and the same hereby is, APPROVED.

NOTICE OF APPEAL RIGHTS

If you believe that you have a right to challenge this decision, you should know that the Wisconsin statutes and administrative rules establish time periods within which requests to review Department decisions shall be filed. For judicial review of a decision pursuant to sections 227.52 and 227.53, Wis. Stats., you have 30 days after the decision is mailed, or otherwise served by the Department, to file your petition with the appropriate circuit court and serve the petition on the Department. Such a petition for judicial review shall name the Department of Natural Resources as the respondent.

To request a contested case hearing pursuant to section 227.42, Wis. Stats., you have 30 days after the decision is mailed, or otherwise served by the Department, to serve a petition for hearing on the Secretary of the Department of Natural Resources, P.O. Box 7921, Madison, WI,

53707-7921. The filing of a request for a contested case hearing is not a prerequisite for judicial review and does not extend the 30-day period for filing a petition for judicial review.

A request for contested case hearing must follow the form prescribed in section NR 2.05(5), Wis. Adm. Code, and must include the following information:

1. A description of the Department's action or inaction which is the basis for the request;
2. The substantial interest of the petitioner which is injured in fact or threatened with injury by the Department's action or inaction;
3. Evidence of legislative intent that this interest is not to be protected;
4. An explanation of how the injury to the petitioner is different in kind or degree from the injury to the general public caused by the Department's action or inaction;
5. That there is a dispute of material fact, and what the disputed facts are;
6. The statute or administrative rule other than s. 227.42, Wis. Stats., which accords a right to a hearing.

This notice is provided pursuant to section 227.48(2), Wis. Stats.
